

INDEPENDENT AUDITOR'S REPORT

To the Members of Elevate Campuses Limited
(Formerly known as Good Host Spaces Limited)

Report on the Audit of the Consolidated Financial Statements**Opinion**

We have audited the consolidated financial statements of Elevate Campuses Limited (*formerly known as Good Host Spaces Limited*) (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") comprising of the consolidated Balance sheet as at March 31, 2025, the consolidated Statement of Profit and Loss, including other comprehensive income, the consolidated Statement of Cash Flow and the consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of two subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2025, their consolidated profit including other comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Consolidated Financial Statements' section of our report. We are independent of the Group in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Other Information

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of their respective companies and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of their respective companies to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of their respective companies.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis

for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- ▶ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- ▶ Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

We did not audit the financial statements and other financial information, in respect of two subsidiaries whose financial statements include total assets of Rs 0.47 millions as at March 31, 2025, and total revenues of Rs 7.74 millions and net cash inflows of Rs 0.47 millions for the year ended on that date. Those financial statements and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated financial

statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the report of such other auditor.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditor and the financial statements and other financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of the subsidiary companies, incorporated in India and to the extent applicable, as noted in the 'Other Matter' paragraph there are no qualifications or adverse remarks by the respective auditors in the Companies (Auditors Report) Order (CARO) reports of the companies included in the consolidated financial statements. Accordingly, the requirement to report on clause 3(xxi) of the Order is not applicable to the Holding Company.
2. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of two subsidiaries, as noted in the 'other matter' paragraph we report, to the extent applicable, that:
 - (a) We/the other auditors whose report we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors except for matters stated in the paragraph (i)(vi) below on reporting under Rule 11(g);
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Consolidated Statement of Cash Flow and Statement of Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2025 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors who are appointed under Section 139 of the Act, of its subsidiary companies, none of the directors of the Group's companies, incorporated in India, is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) The qualification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph (b) above.

- (g) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary companies, and the operating effectiveness of such controls, refer to our separate Report in "Annexure 1" to this report;
- (h) The provisions of section 197 read with Schedule V of the Act are not applicable to the Holding Company and its subsidiaries incorporated in India for the year ended March 31, 2025;
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiary, as noted in the 'Other matter' paragraph:
- a. The Group does not have any pending litigations which would impact its consolidated financial position;
 - b. The Group did not have any material foreseeable losses in long-term contracts including derivative contracts during the year ended March 31, 2025;
 - c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, its subsidiaries, incorporated in India during the year ended March 31, 2025.
- iv. a) The respective managements of the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditor of such subsidiary respectively that, to the best of its knowledge and belief, as disclosed in the note 45 (v) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries, to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the respective Holding Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- b) The respective managements of the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of its knowledge and belief, as disclosed in note 45 (vi) no funds have been received by the respective Holding Company or any of such subsidiary from any person(s) or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the subsidiary which is a company incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (a) and (b) contain any material mis-statement.
- v) No dividend has been declared or paid during the year by the Holding Company or its subsidiaries;
- vi) Based on our examination which included test checks, the Group has used SAP HANA, an Enterprise Resource Planning ('ERP') accounting software, for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that audit trail feature is not enabled at the database level, insofar as it relates to the said accounting software, as described in note 45 to the consolidated financial statements. Further, audit trail feature has not been tampered with in respect of the said software where the audit trail has been enabled. Additionally, the audit trail in respect of the financial year ended March 31, 2024 has not been preserved by the company as per the statutory requirements for record retention

Annexure 1 to the independent auditor's report of even date on the consolidated financial statements of Elevate Campuses Limited (formerly known as Good Host Spaces Limited)**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the consolidated financial statements of Elevate Campuses Limited (formerly known as Good Host Spaces Limited) (hereinafter referred to as the "Holding Company") as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the companies included in the Group, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both, issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls With Reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Group, which are companies incorporated in India, have, maintained in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements of the Holding Company, in so far as it relates to these two subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries incorporated in India.

Forfeiture of partly paid up shares (refer Note 16)	-	-	-	(57.19)	(57.19)
Transferred to retained earnings (refer Note 16)	-	28.68	-	(28.68)	-
As at March 31, 2025	6,691.62	(208.48)	521.83	-	7,004.98

Notes:

- (i) There are no changes in the equity share capital and other equity balances as at April 1, 2023, March 31, 2024 and March 31, 2025 due to changes in accounting policies or prior period errors.
- (ii) During the year ended March 31, 2024, the Group has entered into an agreement with Goldman Sachs (India) Securities Private Limited ('GSIBD'), a related party, to provide financial advisory service in connection with a potential sale of all of the Holding Company's securities held by the existing shareholders to a prospective buyer. Accordingly, the Group has recognised the fees of INR 130.86 million payable to GSIBD w.r.t. the said transaction in equity.

Elevate Campuses Limited (formerly known as Good Host Spaces Limited)
Notes to the consolidated financial statements for the year ended March 31, 2025

1. Corporate information

The consolidated financial statements comprise financial statements of Elevate Campuses Limited (formerly known as Good Host Spaces Limited) ('the Parent Company') and its subsidiaries (collectively, the Group) for the year ended March 31, 2025. The parent company is a private company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. The registered office of the parent company is located at No. 902-906, Tower B, 9th Floor, Naman Midtown, Lower Parel, Mumbai 400013. The Group is principally engaged in providing hostel services, guest house services, service apartments and leasing of property for hostel services.

The consolidated financial statements were approved for issue in accordance with a resolution of the Board of Directors on September 17, 2025.

2A. Material accounting policies

2.1 Basis of preparation

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III), as applicable to the consolidated financial statements.

The consolidated financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Derivative financial instruments
- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).

The consolidated financial statements are presented in INR and all values are rounded to the nearest million, except when otherwise indicated.

2.2 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Group as at March 31, 2025. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

Details of Group's subsidiaries at the end of the year considered in preparation of the consolidated financial statements is as under:

Name of the subsidiary	Country of incorporation	% voting power held as at	
		March 31, 2025	March 31, 2024
Good Host Spaces (Shoolini) Private Limited ('Good Host Shoolini')	India	100%	100%
Good Host Spaces (Sonipat) Private Limited ('Good Host Sonipat')	India	100%	100%
Good Host Spaces (Jagdishpur) Private Limited ('Good Host Jagdishpur')	India	100%	100%
Good Host Spaces (West) Private Limited (formerly known as 'Good Host Spaces (Manipal) Private Limited') ('Good Host West')	India	100%	100%
Good Host Spaces Educational Foundation	India	100%	100%
Elevate Hostel Management Services Private Limited (formerly known as Good Host Spaces Management Services Private Limited)	India	100%	-
Good Host Spaces (Nagpur) Private Limited	India	100%	-

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements

Elevate Campuses Limited (formerly known as Good Host Spaces Limited)
Notes to the consolidated financial statements for the year ended March 31, 2025

- The Group's voting rights and potential voting rights
- The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31 March. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

Consolidation procedure:

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- (b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

2.3 Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current / non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

2.4 Fair value measurement

The Group measures financial instruments, such as derivative liability etc, at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

2.5 Revenue recognition

Revenue from contract with customers

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The Group has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods or services before transferring them to the customer.

Goods and Service tax (GST) is not received by the Group on its own account. Rather, it is tax collected on value added to the commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue. The specific recognition criteria described below must also be met before revenue is recognised.

Facility management services

The Group provides facility management services to student accommodating in the hostel premises given on lease by the Group. The facility management services are an integral part of the leasing arrangement entered into by the Group and is considered as a non-lease component of the leasing arrangement. Hence the facility management services are considered as a separate performance obligation than the leasing of assets. Accordingly, the Group allocates the transaction price based on the relative stand-alone selling prices of the lease rentals and facility management services.

The Group recognises revenue from facility management services over time, using an output method to measure progress towards complete satisfaction of the service, because the customer simultaneously receives and consumes the benefits provided by the Group.

Contract balances

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group fulfils its performance obligation by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. Contract assets

Elevate Campuses Limited (formerly known as Good Host Spaces Limited)
Notes to the consolidated financial statements for the year ended March 31, 2025

are subject to impairment assessment. Refer accounting policies on impairment of financial assets in section 2.17 Financial instruments - Initial recognition and subsequent measurement.

Trade receivables

A receivable represents the Group's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in section 2.17 Financial instruments - Initial recognition and subsequent measurement.

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract.

2.6 Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting period.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction in OCI or directly in equity.

The Group offsets deferred tax assets and deferred tax liabilities if and only if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

2.7 Property, plant and equipments

Capital work in progress is stated at cost, net of accumulated impairment loss, if any. Property, plant and equipments are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method.

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Asset class	Useful life
Plant and equipments	3 - 10 years
Furniture and fixtures	2 - 8 years
Office equipments	2 - 5 years
Computers	3 years

The Group, based on technical assessment made by technical expert and management estimate, depreciates certain items of plant and equipments over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss when the asset is derecognised.

2.8 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Following table summarised the nature of intangibles and their estimated useful life:

Asset class	Useful life
Computer softwares	3 years
In place lease	50 - 60 years
Right to provide facility services	15 years

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. Cost of software capitalised is amortised over its useful life which is estimated to be a period of five years. Right to provide facility services and in-place lease are amortised over lease period. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Elevate Campuses Limited (formerly known as Good Host Spaces Limited)
Notes to the consolidated financial statements for the year ended March 31, 2025

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising upon derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

2.9 Investment properties

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and impairment losses, if any.

The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Asset class	Useful life
Buildings	30 - 50 years
Leasehold land	50 years
Plant and equipments	3 - 10 years
Furniture and fixtures	2 - 8 years
Office equipments	2 - 5 years

The Group, based on technical assessment made by management, depreciates the building over estimated useful lives of ranging between 30 to 50 years which is different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Though the Group measures investment property using cost based measurement, the fair value of investment property is disclosed in notes. Fair value are determined in accordance with the collector's / registrar's guideline rates prescribed by the Government of Karnataka for the purpose of levying stamp duty.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

2.10 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i) Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Asset class	Useful life
Leasehold land	28 - 59 years
Buildings	3 - 4 years
Plant and equipments	21 - 25 years

Elevate Campuses Limited (formerly known as Good Host Spaces Limited)
Notes to the consolidated financial statements for the year ended March 31, 2025

The right-of-use assets are also subject to impairment. Refer to the accounting policies in section 2.11 Impairment of non-financial assets.

ii) Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

iii) Short term leases and leases of low value assets

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value, viz. lease with monthly payment less than INR 0.25 million. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Group to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

2.11 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.12 Impairment of non-financial assets

The Group assesses at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally

Elevate Campuses Limited (formerly known as Good Host Spaces Limited)
Notes to the consolidated financial statements for the year ended March 31, 2025

cover a period ranging from five to ten years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the cashflow period considered. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment loss of continuing operations, including impairment on inventories is recognised in the statement of profit and loss.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Goodwill is tested for impairment annually as at March 31, and when circumstances indicate that the carrying value may be impaired.

Impairment is determined for goodwill by assessing the recoverable amount of each CGU (or group of CGUs) to which the goodwill relates. When the recoverable amount of the CGU is less than its carrying amount, an impairment loss is recognised. Impairment losses relating to goodwill is not reversed in future periods.

2.13 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

2.14 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

2.15 Retirement benefits and employee benefits

Defined contribution plans

Retirement benefit in the form of Provident fund, Employees State Insurance Contribution and Labour Welfare fund are defined contribution schemes. The Group has no obligation, other than the contribution payable to the respective fund. The Group recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Defined benefit plans

The Group provides for retirement benefit in the form of gratuity. The cost of providing benefits under the defined benefit plan is determined using Projected Unit Credit Method.

Remeasurement, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurement is not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment and
- The date that the Group recognises related restructuring costs

Elevate Campuses Limited (formerly known as Good Host Spaces Limited)
Notes to the consolidated financial statements for the year ended March 31, 2025

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligation as an expense in statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Compensated absences

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit and this is shown under current provision in the Balance Sheet. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes and this is shown under long term provisions in the Balance Sheet. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the Statement of Profit and Loss and are not deferred. The Group presents the leave as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date. Where the Group has the unconditional legal and contractual right to defer the settlement for a period beyond 12 months, the same is presented as non-current liability.

2.16 Foreign currencies

The Group's consolidated financial statements are presented in INR, which is also the parent company's functional currency.

Transactions in foreign currencies are initially recorded by the Group at respective foreign currency spot rate at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss with the exception of the following:

- Exchange differences arising on monetary items that forms part of a reporting entity's net investment in a foreign operation are recognised in profit or loss in the separate financial statements of the reporting entity or the individual financial statements of the foreign operation, as appropriate. In the financial statements that include the foreign operation and the reporting entity (e.g., consolidated financial statements when the foreign operation is a subsidiary), such exchange differences are recognised initially in OCI and accumulated in equity in a separate reserve, viz., Foreign Currency Translation Reserve. These exchange differences are reclassified from equity to profit or loss on disposal of the net investment.
- Exchange differences arising on monetary items that are designated as part of the hedge of the Group's net investment of a foreign operation. These differences are recognised in OCI and accumulated in equity in a separate reserve, viz., Hedge Reserve until the net investment is disposed of, at which time, the cumulative amount is reclassified to profit or loss.
- Tax charges and credits attributable to exchange differences on those monetary items are also recorded in OCI.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or statement of profit and loss are also recognised in OCI or statement of profit and loss, respectively).

2.17 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient, the Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under Ind AS 115. Refer to the accounting policies on Revenue from contract with customers.

Financial assets

Initial recognition and measurement:

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial Assets at amortised cost
- Financial Assets at fair value through other comprehensive income (FVTOCI)
- Financial Assets including derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Financial assets at amortised cost (debt instrument)

A 'financial asset' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in other income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables, loans and other financial assets.

Financial assets at fair value through profit or loss

Financial assets in this category are those that are held for trading and have been either designated by management upon initial recognition or are mandatorily required to be measured at fair value under Ind AS 109 i.e. they do not meet the criteria for classification as measured at amortised cost or FVOCI. Management only designates an instrument at FVTPL upon initial recognition, if the designation eliminates, or significantly reduces, the inconsistent treatment that would otherwise arise from measuring the assets or liabilities or recognising gains or losses on them on a different basis. Such designation is determined on an instrument-by-instrument basis.

Financial assets at fair value through OCI

A 'financial asset' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. For debt instruments, at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the profit or loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value changes recognised in OCI is reclassified from the equity to profit or loss.

The Group has not designated any financial assets at FVTOCI.

Financial assets at fair value through profit or loss are carried in the balance sheet at fair value with net changes in fair value recognised in the statement of profit and loss.

Interest earned on instruments designated at FVTPL is accrued in interest income, using the EIR, taking into account any discount / premium and qualifying transaction costs being an integral part of instrument. Interest earned on assets mandatorily required to be measured at FVTPL is recorded using the contractual interest rate. Dividend income on listed equity investments are recognised in the statement of profit and loss as other income when the right of payment has been established.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the

Elevate Campuses Limited (formerly known as Good Host Spaces Limited)
Notes to the consolidated financial statements for the year ended March 31, 2025

Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Impairment of financial assets

The Group recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables and contract assets, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

The Group considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities at amortised cost (Loans and borrowings)

This is the category most relevant to the Group. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.18 Earnings per share:

Basic earnings per share is calculated by dividing the net profit or loss attributable to equity holder of the Group (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding

during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the parent Company (after adjusting for interest on all dilutive potential equity shares) and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.19 Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

2.20 Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 Income Tax and Ind AS 19 Employee Benefits respectively.
- Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

2.21 Share based payments

Share-based compensation benefits are provided to employees by way of issuance of equity shares pursuant to Share Subscription Agreement whereby employees render services as consideration for equity instruments (equity-settled transactions).

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. That cost is recognised, together with a corresponding increase in Employee share based payments reserve in equity, over the period in which the performance and / or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The expense or credit in the statement of profit and loss for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and / or performance conditions.

No expense is recognised for awards that do not ultimately vest because non-market performance and / or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and / or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognised is the grant date fair value of the unmodified award, provided the original vesting terms of the award are met. An additional expense, measured as at the date of modification, is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

2.22 Inventories

Inventories are valued at the lower of cost and net realisable value. Costs includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.23 Non-current assets held for sale and discontinued operations

The Group classifies non-current assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use.

Non-current assets and disposal groups classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset (disposal group), excluding finance costs and income tax expense.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale classification is regarded met only when the assets or disposal group is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets (or disposal groups), its sale is highly probable; and it will genuinely be sold, not abandoned. The Group treats sale of the asset or disposal group to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset (or disposal group);
- An active programme to locate a buyer and complete the plan has been initiated (if applicable);
- The asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value;
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification; and

Elevate Campuses Limited (formerly known as Good Host Spaces Limited)
Notes to the consolidated financial statements for the year ended March 31, 2025

- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Property, plant and equipments, investment properties and intangible are not depreciated, or amortised once classified as held for sale.

Assets and liabilities classified as held for sale are presented separately from other items in the balance sheet. Discontinued operations are excluded from the results of continuing operations and are presented separately as 'profit or loss before tax from discontinued operations,' tax expense / (income) of discontinued operations,' and 'profit or loss after tax from discontinued operations,' in the statement of profit and loss.

2B. Significant accounting judgements, estimates and assumptions

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

Determining whether the hostel accommodation services (part of the hostel service agreement entered into by the Group with the Universities) is a finance lease arrangement - Group as a lessor

The Group enters into long term non-cancellable hostel service agreements (generally for a period of 50 to 60 years) with certain Universities, whereby the Group provides hostel accommodation, facility management and related ancillary services to the students of the Universities. Further, throughout the agreement tenure, the Universities has committed minimum occupancy ranging from 80% to 100% of the overall hostel capacity. The Group applies judgement in identification of lease component in whole arrangement, determination of minimum lease payment and allocation of consideration into non lease component.

Estimates and assumptions:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

a) Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

b) Defined benefit plans (gratuity and compensated absences benefits)

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds where remaining maturity of such bond correspond to expected term of defined benefit obligation.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Further details about gratuity obligations are given in the notes to the consolidated financial statements.

c) Useful lives of property, plant and equipment and investment properties

The Group uses its technical expertise along with historical and industry trends for determining the economic life of an asset / component of an asset. The useful lives are reviewed by management periodically and revised, if

Elevate Campuses Limited (formerly known as Good Host Spaces Limited)
Notes to the consolidated financial statements for the year ended March 31, 2025

appropriate. In case of a revision, the unamortised depreciable amount is charged over the remaining useful life of the assets

2C. New and amended standards

The Group applied for the first-time certain standards and amendments, which are effective for annual periods beginning on or after April 1, 2024. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

(i) Ind AS 117 Insurance Contracts

The Ministry of corporate Affairs (MCA) notified the Ind AS 117, Insurance Contracts, vide notification dated August 12, 2024, under the Companies (Indian Accounting Standards) Amendment Rules, 2024, which is effective from annual reporting periods beginning on or after April 1, 2024.

Ind AS 117 Insurance Contracts is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Ind AS 117 replaces Ind AS 104 Insurance Contracts. Ind AS 117 applies to all types of insurance contracts, regardless of the type of entities that issue them as well as to certain guarantees and financial instruments with discretionary participation features; a few scope exceptions will apply. Ind AS 117 is based on a general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

The application of Ind AS 117 had no impact on the Group's consolidated financial statements as the Group has not entered any contracts in the nature of insurance contracts covered under Ind AS 117.

(ii) Amendment to Ind AS 116 Leases - Lease Liability in a Sale and Leaseback

The MCA notified the Companies (Indian Accounting Standards) Second Amendment Rules, 2024, which amend Ind AS 116, Leases, with respect to Lease Liability in a Sale and Leaseback.

The amendment specifies the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains.

The amendment is effective for annual reporting periods beginning on or after April 1, 2024 and must be applied retrospectively to sale and leaseback transactions entered into after the date of initial application of Ind AS 116.

The amendment does not have a material impact on the Group's financial statements.

2D. Standards issued but not effective

The new and amended standards that are issued, but not yet effective, up to the date of issuance of the Group's consolidated financial statements are disclosed below. The Group will adopt this new and amended standards, when they become effective.

(i) Lack of exchangeability - Amendments to Ind AS 21

The Ministry of Corporate Affairs notified amendments to Ind AS 21 'The Effects of Changes in Foreign Exchange Rates' to specify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking. The amendments also require disclosure of information that enables users of its financial statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows.

The amendments are effective for annual reporting periods beginning on or after April 1, 2025. When applying the amendments, an entity cannot restate comparative information.

The amendments are not expected to have a material impact on the Group's consolidated financial statements.

(ii) Classification of Liabilities as Current or Non-current and Non-current Liabilities with Covenants - Amendments to Ind AS 1

The Ministry of Corporate Affairs notified amendments to paragraphs 69 to 76 of Ind AS 1 'Presentation of Financial Statements' to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement
- That a right to defer must exist at the end of the reporting period

Elevate Campuses Limited (formerly known as Good Host Spaces Limited)
Notes to the consolidated financial statements for the year ended March 31, 2025

- That classification is unaffected by the likelihood that an entity will exercise its deferral right
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification

In addition, a requirement has been introduced to require disclosure when a liability arising from a loan agreement is classified as non-current and the entity's right to defer settlement is contingent on compliance with future covenants within twelve months.

The amendments are effective for annual reporting periods beginning on or after April 1, 2025 and must be applied retrospectively. The Group is currently assessing the impact the amendments will have on current practice and whether existing loan agreements may require renegotiation.

(iii) Supplier Finance Arrangements - Amendments to Ind AS 7 and Ind AS 107

The Ministry of Corporate Affairs notified amendments to Ind AS 7 'Statement of Cash Flows' and Ind AS 107 'Financial Instruments: Disclosures' to clarify the characteristics of supplier finance arrangements and require additional disclosure of such arrangements. The disclosure requirements in the amendments are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk.

The amendments will be effective for annual reporting periods beginning on or after April 1, 2025.

The amendments are not expected to have a material impact on the Group's consolidated financial statements.

(iv) International Tax Reform - Pillar Two Model Rules - Amendments to Ind AS 12

The Ministry of Corporate Affairs notified amendments to Ind AS 12 'Income Taxes' in response to the OECD's BEPS Pillar Two rules and include:

- A mandatory temporary exception to the recognition and disclosure of deferred taxes arising from the jurisdictional implementation of the Pillar Two model rules; and
- Disclosure requirements for affected entities to help users of the financial statements better understand an entity's exposure to Pillar Two income taxes arising from that legislation, particularly before its effective date.

The mandatory temporary exception - the use of which is required to be disclosed - applies immediately. The remaining disclosure requirements apply for annual reporting periods beginning on or after April 1, 2025, but not for any interim periods ending on or before March 31, 2026.

The amendments are not expected to have a material impact on the Group's consolidated financial statements.

Consequential amendments to other Ind ASs have also been made which are not expected to have a material impact on the Group's consolidated financial statements.

Note 4 - Investment properties (Contd.)

Notes:

- 1 Investment properties comprises of buildings and other assets forming part of buildings, that is leased to third parties. The plant and equipments, office equipments, furniture and fixtures and computers are physically attached to the buildings and form an integral part thereof, hence they are considered as investment property.
- 2 The Group has no restrictions on the realisability of its investment properties and no contractual obligations to purchase, construct or develop investment properties.
- 3 Refer Note 18 for details of pledge and security charged.
- 4 Leasing arrangements : Investment properties are leased to the Group's customers under long term operating leases with rentals payable monthly/semi annually/ annually (refer Note 34).
- 5 Information regarding income and expenditure of investment properties given on operating lease

	March 31, 2025	March 31, 2024
Rental income derived from investment properties	1,068.58	1,119.34
Less: Direct operating expenses (including repairs and maintenance) generating rental income	53.33	81.57
Less: Direct operating expenses (including repairs and maintenance) not generating rental income	-	-
Profit arising from investment properties before depreciation and indirect expenses	1,015.25	1,037.77
Less: Depreciation	250.96	236.32
Profit arising from investment properties before indirect expenses	764.29	801.45

6 Fair value

Description of valuation techniques used and key inputs to valuation on investment properties (owned assets):

Particulars	Valuation technique		Fair value hierarchy (See Note below)	Fair value as at	
	As at March 31, 2025	As at March 31, 2024		March 31, 2025	March 31, 2024
Freehold lands (Refer note (ii) below)	Circle rate i.e. Collector's / Registrar's Guideline Rate	Circle rate i.e. Collector's / Registrar's Guideline Rate	Level 2	1,144.16	839.82
Buildings (Refer note (iii) below)	Current replacement cost method	Depreciated replacement cost method	Level 3	855.86	818.58
Buildings (Refer note (iii) below)	Discounted cashflow method	Depreciated replacement cost method	Level 3	11,590.01	8,365.01

Notes:

(i) The fair value of investment property as at March 31, 2025 has been determined by external, independent property valuer having appropriate recognised professional qualification, recent experience in the location and category of the property being valued and is a registered valuer as defined under rule 2 of Companies (Registered Valuers and Valuation) Rules, 2017.

(ii) The fair valuation of land is in accordance with the circle rate i.e. Collector's / Registrar's Guideline Rate prescribed by the respective state Government where the land is situated for the purpose of levying stamp duty. The independent valuer and the Group has referred to the publications and government website for Ready Reckoner rates, to which suitable adjustments have been made to account for availability of FSI in land parcels in the respective states in accordance with the guidelines prescribed by the Department of Registrations and Stamps. Since the valuation is based on the published rates, the Group has classified the same under Level 2.

(iii) The fair value of buildings are determined using current replacement cost method i.e. cost approach and discounted cashflow method i.e. income approach. Current replacement cost value reflects the amount that would be required currently to construct the building and discounted cashflow (DCF) method reflects the value of the building estimated considering the expected cashflows from the use of the building i.e. rentals.

Further, inputs used in the building valuation based on DCF method are as under:

- Rental revenue assumptions comprising of market rent, rent growth rate, occupancy level etc.
- Cost assumptions comprising of building repairs, insurance, property tax, other cost escalations etc.
- Discounting assumptions comprising of terminal cap rate of 9.75% - and discount rate of 15.75%

The table below shows the effect of a 1% change in the base details considered in the valuation technique used for determining fair value of investment properties as at the end of the year:

Particulars	March 31, 2025	March 31, 2024
1% increase	135.90	100.23
1% decrease	(135.90)	(100.23)

- 7 The fair value of properties other than land and building is similar to its book value owing to the nature of these assets. These asset comprises of computers, plant and equipments, office equipments, furniture and fixtures etc., These assets are predominantly movable tangible assets and not specialized in nature. Such assets are not appreciating in nature unlike real estate assets and considering the nature of the assets and appropriate application of depreciation, the Group has considered fair value of the said assets to be the same as their net block / book value.
- 8 On transition to Ind AS, the Group has elected to continue with the carrying value of all investment property measured as per the previous GAAP and use that carrying value as the deemed cost of investment property.

Note 5a - Impairment testing of goodwill

The Group undertook the impairment testing of goodwill assigned to each Cash Generating Unit (CGU) as at March 31, 2025 applying value in use approach across all the CGUs i.e. using cash flow projections based on financial budgets covering contracted hostel service and lease agreements with customers using a weighted average cost of capital ('WACC') (pre-tax) of 15.75% per annum. The Group has used financial projections for a period of 10 years for the purpose of determining the value-in-use (March 31, 2024: Cashflows considered for the entire remaining agreement period).

Based on the results of the goodwill impairment test, none of the CGUs have their estimated value in use less than its carrying amount (including goodwill) and accordingly no impairment loss provision has been recognized in the statement of profit and loss (March 31, 2024: Nil). The Management believes that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the goodwill.

The key assumptions used in the value in use calculations for the cash generating units is as under:

- a) Revenue and cost inflation - Increase in revenue and cost by 5% per annum (March 31, 2024: 5% per annum)
- b) WACC - 15.75% pre tax (March 31, 2024: 12.00% pre tax)
- c) Capitalisation rate - 9.75%

Note 5b - Break up of depreciation and amortisation charge for the year ended

- Fully paid	22,104,372	22.11
	<u>22,104,372</u>	<u>22.11</u>

Notes:

(i) In earlier years, the Holding Company had issued partly paid up shares to eligible employees of the Holding Company and its wholly owned subsidiary company. Till March 31, 2024, the Holding Company had called part of the balance consideration payable by the said eligible employees, totalling to 3% of the issue price.

(ii) During the year ended March 31, 2025, the Board of Directors of the Holding Company approved forfeiture of its partly paid up shares held by certain employees of the Group for a consideration of INR 57.20 million towards extinguishment of their interest in such partly paid up shares. Accordingly, the consideration paid has been adjusted against the paid up capital on such partly paid up shares amounting to INR 0.01 million and the balance has been debited to Employee share based payments reserve. Consequently, the balance in the Employee share based payments reserve amounting to INR 28.68 million has been transferred to Retained earnings during the year ended March 31, 2025.

(iii) Rights, preferences and restrictions attached to equity shares

The Group has only one class of equity shares having par value of INR 1 per share. Each holder of equity share is entitled to one vote per share. The Holding Company declares and pays dividends in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting. In the event of liquidation, the shareholders are eligible to receive the remaining assets of the Group after distribution of all preferential amounts, in proportion to their shareholdings.

(iv) Details of shares held by the holding company, the ultimate holding company and its subsidiaries :

	As at March 31, 2025		As at March 31, 2024	
	Number of shares	Amount	Number of shares	Amount
Genius Bidco Holdings Pte Ltd	22,104,372	22.11	22,104,372	22.11

(v) Details of shares held by each shareholder holding more than 5% shares:

	As at March 31, 2025		As at March 31, 2024	
	Number of shares	% holding in the class	Number of shares	% holding in the class
Equity shares of INR 1 each				
Genius Bidco Holdings Pte Ltd	22,104,372	100.00%	22,104,372	98.18%

As per records of the Holding Company, including its register of shareholders / members and other declarations received from shareholders regarding beneficial interest, the above shareholding represents both legal and beneficial ownerships of shares.

Note 17 - Other equity

	March 31, 2025	March 31, 2024
Securities premium	6,691.62	6,691.62
Retained earnings	(208.48)	(763.74)
Employee share based payments reserve	-	85.87
Capital reserve	521.83	521.83
Total	7,004.97	6,535.58

Nature and purpose of reserves

Securities premium

Securities premium is used to record the excess of the amount received over the face value of the shares. This reserve will be utilised in accordance with the provisions of Companies Act, 2013.

Retained earnings

Retained earnings are the profits of the Group earned till date net of appropriations.

Employee share based payments reserve

Employee share based payments reserve is used to recognise the value of equity settled share based payments provided to the eligible employees of the Group. The said reserve shall be utilised for issue of equity shares of the Holding Company against the rights exercisable by the eligible employees at a future date.

Capital reserve

The difference between the purchase consideration and fair value of assets taken over has been recorded as capital reserve.

Elevate Campuses Limited (formerly known as Good Host Spaces Limited)
CIN : U74994MH2005PLC339336
Notes to the consolidated financial statements for the year ended March 31, 2025
(All amounts in INR Million, unless otherwise stated)

Note 18 - Borrowings
(At amortised cost)

	Non current		Current maturities	
	March 31, 2025	March 31, 2024	March 31, 2025	March 31, 2024
Secured - From banks				
Indian rupee loan from banks	11,837.29	8,208.57	228.67	832.88
Indian rupee loan from financial institution	-	643.44	-	43.08
	11,837.29	8,852.01	228.67	875.96

Notes:

1. Term loan amounting to INR 4418.05 million (March 31, 2024 : INR 4,040.42) is repayable in quarterly installments till March 2040. The facility, consisting of term loan and overdraft, is secured by first and exclusive charge by way of hypothecation of entire movable properties, including movable plant and machinery, machinery spares, tools and accessories, furniture, fixture, vehicle, raw material, stock in hand and other traded goods etc., escrow account balances, cashflows, receivables, book debt, revenues and intangible assets of the Holding Company. The aforementioned loans carry a rate of interest of one year MCLR, plus spread ranging from 0.25% i.e. 9.45% as at March 31, 2025 (March 31, 2024: 9.35%). The interest is to be serviced as and when charged.

2. Loan amounting to INR 356.13 million (March 31, 2024 : INR 378.27 million) is repayable in 32 quarterly instalments till February 2032. The instalments are unequal and increases over the loan tenure. The facility is secured by Good Host Shoolini's land and buildings, leased land, entire movable property (including movable plant and machinery, machinery spares, tools and accessories, furniture, fixture, vehicle, raw material, stock in hand and other traded goods), entire cash flows, receivables, book debts and other intangible assets. The loan is also secured by way of a pledge of shares by the Holding Group of its investment made in Good Host Shoolini. The aforementioned loans carry repo based interest rate plus spread i.e 9% as at March 31, 2025 (March 31, 2024: 9 %). The interest is to be serviced as and when charged.

3. Loan amounting to INR 7,291.78 million (March 31, 2024 : INR 5428.42 million) is repayable in quarterly instalments with last instalment falling due in June 2039. The instalments are unequal and increases over the loan tenure. The facility is secured by exclusive charge by way of mortgage of leasehold rights over land and ownership of hostel building of Good Host Sonipat, entire movable property, including movable plant and machinery, machinery spares, tools and accessories, furniture, fixture, vehicle, raw material, stock in hand and other traded goods, intangible assets etc., entire cash flows, receivables, book debts and other intangible assets. The loan is also secured by way of a pledge of shares by the Holding Group of its investment made in Good Host Sonipat. The aforementioned loans carry a rate of interest of six month MCLR, plus 50 bps spread i.e. 9.40% as at March 31, 2025 (March 31, 2024: 8.85% to 9.60%). The interest is to be serviced as and when charged.

4. The Group is required to comply with certain key financial ratios in accordance with the financial covenants clause of the borrowing agreement, breach of which entitles the banks to demand immediate / accelerated repayment of the outstanding borrowings. The Group has satisfied all debt covenants prescribed in the terms of bank loan. The Group has not defaulted on any loans payable during this year or previous year.

Total outstanding dues of creditors other than micro enterprises and small enterprises	277.71	606.81
	284.22	610.36

Notes:

(i) Trade payables are non interest bearing and are normally settled in 0 to 45 days.

(ii) Trade payables ageing schedule is as under:

Particulars	Outstanding for following periods from the invoice date				Provision for expenses	Total
	Less than 1 year	1 - 2 years	2-3 years	More than 3 years		
As at March 31, 2025						
Total outstanding dues of micro enterprises and small enterprises	6.51	-	-	-	-	6.51
Total outstanding dues of creditors other than micro enterprises and small enterprises	96.49	1.45	-	-	179.77	277.71
	103.00	1.45	-	-	179.77	284.22
As at March 31, 2024						
Total outstanding dues of micro enterprises and small enterprises	3.55	-	-	-	-	3.55
Total outstanding dues of creditors other than micro enterprises and small enterprises	441.72	-	-	-	165.09	606.81
	445.27	-	-	-	165.09	610.36

(iii) Dues to Micro, Small and Medium Enterprises Development Act, 2006 ('MSMED' Act)

Particulars	March 31, 2025	March 31, 2024
The principal amount and the interest due thereon remaining unpaid to any supplier as at the end of each accounting year		
- Principal amount due to micro and small enterprises	6.51	3.55
- Interest due on above	-	-
The amount of interest paid by the buyer in terms of section 16 of the MSMED Act 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year	-	-
The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the MSMED Act 2006.	-	-
The amount of interest accrued and remaining unpaid at the end of each accounting year	-	-
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under section 23 of the MSMED Act 2006	-	-

The above information regarding micro, small and medium enterprises has been determined to the extent such parties have been identified on the basis of information available with the Group and has been relied upon by the auditors. Further, the Group generally makes payment to all its suppliers within the agreed credit period (less than 45 days) and thus, the management is confident that no liability of interest under the Micro, Small and Medium Enterprises Development (MSMED) Act, 2006 is expected to arise.

Revenue recognised at a point of time	3.16	2.82
Total revenue from contracts with customers	1,613.57	1,364.97

(iii) Contract Balances

	March 31, 2025	March 31, 2024
Receivables which are included in trade receivables	-	-
Contract assets		
At the beginning of the year	-	-
Add: Recognised as revenue during the year	8.59	-
Less: Billed during the year	-	-
At the end of the year	8.59	-
Contract liabilities		
At the beginning of the year	412.90	424.33
Add: Received during the year	1,772.57	1,353.54
Less: Recognised as revenue during the year	(1,613.57)	(1,364.97)
At the end of the year	571.90	412.90

Contract asset is the right to receive consideration in exchange for goods or services transferred to the customer. Contract assets (unbilled receivables) are transferred to receivables when the rights become unconditional.

Contract liability is the obligation to transfer goods or services to customers for which the entities has received consideration.

Performance Obligation

The performance obligation of the Group in case of facility management fee income and other operating income, excluding duplicate key charges and fine and penalties, is satisfied over-time. The Group raises invoices as per the terms of the contract, upon which the payment is due to be made by the customers.

As per the terms of the service contracts with the customers, the Group has right to consideration from customers in an amount that directly corresponds with the value to the customers of the Group's performance obligation completed till date. Accordingly, the Group has used the practical expedient under Ind AS 115 'Revenue from contracts with customers' and has disclosed information relating to performance obligations to the extent required under Ind AS 115. The entire revenue is earned from the customers located in India.

Elevate Campuses Limited (formerly known as Good Host Spaces Limited)
CIN : U74994MH2005PLC339336
Notes to the consolidated financial statements for the year ended March 31, 2025
(All amounts in INR Million, unless otherwise stated)

Note 29 - Exceptional items

Particulars	Notes	March 31, 2025	March 31, 2024
Incentive payable to employees	Note a	282.30	
Gain on sale of land	Note b	(175.57)	-
Repairs and maintenance expense	Note c and d	-	72.00
Contractual damages	Note e	-	15.30
Transaction cost incurred pursuant to business combination	Note 40	-	13.36
		106.73	100.66

- a) During the year ended March 31, 2025, the Group has entered into an agreement with certain employees of the Group for payment of one time incentive amounting to INR 282.30 million. The said incentive is payable to the employees over a period of two - three years along with interest at 7.00% per annum w.e.f. November 21, 2023. Accordingly, the Group has recognised incentive expense of INR 282.30 million as an exceptional item in the consolidated financial statements for the year ended March 31, 2025.
- b) During the year ended March 31, 2025, the Holding Company has sold a land parcel to a third party for a consideration of INR 370.00 million, resulting in a gain of INR 175.57 million. The said gain has been classified as an exceptional item in the consolidated financial statements.
- c) During the previous year, the Group's hostel building of Manipal University Jaipur sustained damages caused by an earthquake, resulting in multiple cracks appearing in the hostel blocks, laundry, gym, and food court buildings. Based on assessment done by internal technical engineer, the Group has carried out repairs and maintenance activities to address the building cracks to prevent issues such as leakage, seepage and dampness resulting in an expense of Rs. 40.00 million, which has been recognised as an exceptional item in the consolidated financial statements.
- d) The Group has given a hostel building on operating lease to a tenant. During the previous year, based on request from the tenant and considering the existing condition of the building and the contractual obligation on the Group to maintain the building as per the lease agreement, the management has carried out major repairs and maintenance work viz. walk crack treatment, civil work, waterproofing work etc. to the said building and has accordingly recognised expense of INR 32.00 million as an exceptional item in the consolidated financial statements.
- e) In earlier years, the Group had entered into a contractual arrangement with Ocean Hill Services LLP (the "service provider") for providing swimming pool services to its University students in consideration of pre-determined consideration. During the year ended March 31, 2024, the Group has restricted access of the swimming pool to the service provider due to certain commercial reasons, against which the service provider has filed an application under Arbitration and Conciliation Act with the Commercial Court of Jaipur, Rajasthan. On February 2, 2024, the Group has entered into a settlement agreement with the service provider for termination of the agreement with the service provider for a settlement consideration of INR 15.00 million plus applicable fees.

Note 30 - Assets held for sale

On February 24, 2025, the Board of Directors of the Holding Company approved a plan to transfer of all rights, title and interest in the hostel at T.A. Pai Management Institute Trust ('TAPMI') University, including surrender of leasehold rights over the underlying land. Accordingly, as at March 31, 2025, the assets and liabilities related to the said hostel is classified as a disposal group held for sale in accordance with Ind AS 105 - Non-current Assets Held for Sale and Discontinued Operations. Subsequent to March 31, 2025, the Holding Company has entered into an agreement dated April 9, 2025 with Manipal Academy of Higher Education to transfer the hostel for a consideration of INR 2,075.53 million.

Further, as required by Ind AS 105, the said disposal group has been measured at the lower of carrying amount and fair value less costs to sell.

The major classes of assets and liabilities, pertaining to the hostel classified as held for sale, as at March 31, 2025 are as follows:

	Amount
Assets	
Property, plant and equipment (refer note 3)	7.90
Intangible assets, including goodwill (refer note 5)	51.40
Finance lease receivables (refer note 34)	927.97
Assets held for sale [A]	987.27
Liabilities	
Other non current financial liabilities	2.03
Trade payables*	1.45
Other liabilities (current and non-current)	114.38
Liabilities directly associated with assets held for sale [B]	117.86
Net assets directly associated with disposal group [A - B]	869.41

*the said trade payables are outstanding for less than one year as at March 31, 2025.

Notes to the consolidated financial statements for the year ended March 31, 2025
(All amounts in INR Million, unless otherwise stated)

Note 32 - Earnings per share ('EPS')

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations :

	March 31, 2025	March 31, 2024
Profit attributable to equity holders	526.51	396.89
Weighted average number of equity shares for basic EPS	22.11	22.12
Basic EPS (in INR)	23.81	17.94
Profit attributable to equity holders for diluted EPS	526.51	396.89
Weighted average number of equity shares for basic EPS	22.11	22.12
Effect of dilution	-	0.10
Weighted average number of equity shares adjusted for the effect of dilution*	22.11	22.22
Diluted EPS (in INR)	23.81	17.86
Face value per equity share	1.00	1.00

*There has been no other transactions involving equity shares or potential equity shares between the reporting date and the date of authorisation of these consolidated financial statements.

Note 33 - Contingent liabilities and Capital commitments

Contingent liabilities

Pursuant to amendment in GST Act vide Notification No. 04/2022 - Central Tax (Rate) dated July 13, 2022, the management of the Group, based on legal opinion from independent expert, believes that the hostel accommodation services provided to the University students by the group continues to be eligible for exemption from levy of GST. Subsequently, through Notification No. 04/2024 - Central Tax (Rate), the Government of India has added a new Entry 12A to Notification no 12/2017 Central Tax Rate dated July 28, 2017 specifically exempting supply of accommodation services less than or equal to twenty thousand rupees per month provided service is provided for a minimum continuous period of ninety days.

For the supply of accommodation services prior to July 15, 2024 which had a value of more than 20,000 per month, the Group believes that it is in the nature of residential accommodation services and hence exempt from levy of GST, which is supported by judgment of the Karnataka High Court in Taghar Vasudeva Ambrish case in February 2022 and Thai Mookambikaa Ladies Hostel case, Madras High Court in March 2024.

Accordingly, the management believes that they have merits to the stand taken and accordingly no provision w.r.t. GST liability on residential accommodation services is recognised in the consolidated financial statements for the year ended March 31, 2025 (March 31, 2024: Nil).

Capital and Other commitments

Other commitments

During the year ended March 31, 2025, Elevate Hostel Management Services Private Limited, a wholly owned subsidiary of the Holding Company, has entered into an agreement dated February 28, 2025, for acquisition of hostel management business of Zolostays Property Solutions Private Limited, on a slump sale basis, for a consideration of INR 1,001.42 million (March 31, 2024: Nil). Refer note 46 for further details.

Apart from above, there are no capital or other commitments outstanding as at March 31, 2025 (March 31, 2024: Nil).

Note 34 - Leases

(a) Group as a lessor

(i) Operating leases

The Group has significant leasing arrangements in respect of operating leases for building. These are non cancellable leases with lock in period of 8 years. Most of the leases are renewable for a further period on mutually agreeable terms and also includes escalation clauses on renewal. Rental income recognised by the Group during the year is INR 1,135.93 million (March 31, 2024: INR 1,077.18 million).

Future minimum rentals receivable under non-cancellable operating leases as at March 31, are as follows:

	March 31, 2025	March 31, 2024
Within one year	125.58	244.40
One to two years	-	125.58
Two to three years	-	-
Three to four years	-	-
Four to five years	-	-
After 5 years	-	-
Total	125.58	369.98

Note 34 - Leases (Contd.)

(ii) Finance leases

(a) Group as a lessor

The Group has sub leased land and building that it has taken on lease. The Group has classified the sub lease as a finance lease, because the sub lease is for the whole of the head lease term.

The following table sets out the maturity analysis of lease payments receivable, showing the undiscounted lease payments to be received after the

	March 31, 2025	March 31, 2024
Within one year	409.27	507.42
One to two years	409.27	507.42
Two to three years	409.27	507.42
Three to four years	409.27	507.42
Four to five years	409.27	507.42
After 5 years	18,792.55	23,875.99
Total undiscounted lease payments receivable	20,838.90	26,413.09
Unearned finance income	17,051.23	21,764.00
Net investment in lease	3,787.67	4,718.74
Current	3.10	3.11
Non current	3,784.57	4,715.63

Profit and loss information

	March 31, 2025	March 31, 2024
Finance income on the net investment in lease	504.31	504.28
Income relating to finance lease payments not included in the measurement of the net investment in lease	390.89	314.47

The movement in finance lease receivables during the year ended March 31, 2025 is as under:

	March 31, 2025	March 31, 2024
Opening	4,718.74	4,719.55
Interest income recognised during the year	504.31	504.28
Collections during the year	(507.41)	(494.32)
Held for sale (refer note 15)	(927.97)	-
Loss on modification of finance lease receivable	-	(10.77)
Closing	3,787.67	4,718.74

(b) Group as a lessee

The Group has lease contracts for various items of building, plant and machinery and land with lease term ranging between 2 years and 60 years. There are certain lease contracts that include extension and termination options, which are further discussed below. The Group does not have any contract with variable lease payments.

The Group also has certain leases of building with lease terms of 12 months or less and leases of land with low value. The Group applies the 'short-term lease' and 'lease of low-value assets' recognition exemptions for these leases.

The Group has several lease contracts that include extension and termination options. These options are negotiated by management to provide flexibility in managing the leased-asset portfolio and align with the Group's business needs. Management exercises significant judgement in determining whether these extension and termination options are reasonably certain to be exercised.

Amounts recognised in profit and loss

The following amounts are recognised in profit or loss

	March 31, 2025	March 31, 2024
Depreciation expense of right-of-use assets	14.70	17.19
Interest expense on lease liabilities	2.95	6.83
Expense relating to short-term leases (included in other expenses)	1.94	1.49
Expense relating to leases of low-value assets (included in other expenses)	0.01	0.01
Variable lease payments (included in other expenses)	-	-
Total amount recognised in profit or loss	19.60	25.52

The following table sets out the maturity analysis of lease liability to be paid after the reporting date:

	March 31, 2025	March 31, 2024
Less than 1 year	6.31	15.73
1-3 years	5.38	23.82
3- 5 years	0.20	12.51
5 years and above	1.75	93.17

Notes to the consolidated financial statements for the year ended March 31, 2025
(All amounts in INR Million, unless otherwise stated)

Note 35 - Financial Instruments - risk management
Risk management framework

The Holding Company's Board of Directors (Board) have overall responsibility for the establishment and oversight of the Group's risk management framework. The risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and its activities.

The Holding Company's Board oversees how management monitors compliance with risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The Board is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the Board.

The Group's principal financial liabilities comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include finance lease receivable, trade receivables and cash and cash equivalents that is derived directly from its operations.

I. Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers, loans and cash and cash equivalents. The carrying amount of financial assets represents the maximum credit exposure. The Group has established a process of dealing with only reputed counterparties as a means of mitigating the risk of financial loss from defaults. The credit risk is restricted as the entire fees for the academic term / year are collected in advance from the students on semi-annual or annual basis. Further, the Group collects security deposits from most of the University students before commencement of the academic year and from commercial outlets before commencement of the lease and therefore does not foresee any significant credit loss risk.

The Group reviews the credit risk on a periodic basis and ensures that the receivables are good and collectible. The Group evaluates the concentration of risk with respect to trade receivables as low, as students form a significant part of its customer base, fees from whom are collected in advance. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets.

	March 31, 2025	March 31, 2024
Expected loss rate	2.79%	3.42%
Gross carrying amount of trade receivables	24.39	20.44
Loss allowance provision	0.68	0.70

Impairment loss is recognised in the year based on lifetime credit loss.

Movement in expected credit loss allowance for trade receivables is as under:

	March 31, 2025	March 31, 2024
Balance at the beginning of the year	0.70	1.50
On receivables originated during the year	-	-
Amounts recovered during the year	(0.02)	(0.80)
Balance at the end of the year	0.68	0.70

II. Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to Group's reputation.

The Group manages liquidity risk by monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The Group collects the hostel fees for the entire year in advance from the students annually or semi annually, which is invested in mutual funds and fixed deposits and withdrawn on monthly basis to meet the working capital requirements.

Maturities of financial liabilities

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted contractual cash flow, and include contractual interest payments and exclude the impact of netting agreements:

	Carrying value	On Demand	Less than 1 Year	1-3 years	3- 5 years	5 years and above	Total
As at March 31, 2025							
Borrowings, including current maturities and interest accrued ^a	12,104.05	-	1,398.12	2,941.98	3,176.83	15,110.90	22,627.83

Notes to the consolidated financial statements for the year ended March 31, 2025
(All amounts in INR Million, unless otherwise stated)

Note 35 - Financial Instruments - risk management (Contd.)

III. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk, such as equity price risk and commodity risk.

(a) Currency risk

At the reporting date, there are no significant exchange rate risks as all financial assets and financial liabilities are denominated in Indian Rupees. The Group does not have any unhedged foreign currency exposure as on March 31, 2025.

(b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rates. The Group's exposure to the risk of changes in interest rates relates primarily to the long-term debt obligations with floating interest rates.

The exposure of Group's borrowing to interest rate changes at the end of year are as follows:

	March 31, 2025	March 31, 2024
Variable rate borrowings	12,065.96	9,847.11
Fixed rate borrowings	-	-
Total Borrowings	12,065.96	9,847.11

Interest rate sensitivity analysis

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on loan and borrowings. With all other variables held constant, the Group's profit before tax is affected through the impact on floating rate borrowings as follows:

	Currency	Increase / (Decrease) in interest rate	Effect on profit before tax
March 31, 2025	INR	+ 0.50%	(60.33)
	INR	- 0.50%	60.33
March 31, 2024	INR	+ 0.50%	(49.24)
	INR	- 0.50%	49.24

(c) Price risk

The Group's listed and non-listed securities are susceptible to market price risk arising from uncertainties about future values of the investment securities. The management of the Group manages the equity price risk through diversification and by placing limits on individual and total equity instruments. Reports on the equity portfolio are submitted to the Group's management on a regular basis. The Holding Company's Board of Directors reviews and approves all equity investment decisions.

(d) Customer concentration risk

The revenue contribution from the hostels is as follows:

Hostels	March 31, 2025	March 31, 2024
Manipal University Jaipur	31.6%	30.3%
TAPMI	5.2%	5.2%
County	3.6%	3.8%
Woodstock	2.2%	2.4%
Higher Education Institution ('HEI') - Himachal Pradesh	6.0%	5.6%
HEI - Haryana	51.4%	52.7%
Total	100.0%	100.0%

Elevate Campuses Limited (formerly known as Good Host Spaces Limited)
CIN : U74994MH2005PLC339336
Notes to the consolidated financial statements for the year ended March 31, 2025
(All amounts in INR Million, unless otherwise stated)

Note 36 - Employee benefits

(a) Defined contribution plans

a. Provident fund

Provident fund is a defined contribution scheme established under a state plan. The contributions to the scheme are charged to the statement of profit and loss in the year when the contributions to the funds are due.

The Group has recognised following amounts as expense in the statement of profit and loss:

	March 31, 2025	March 31, 2024
Included in contribution to provident and other funds (refer Note 26)		
Provident fund	11.81	10.40

(b) Defined benefit plans

The Group has a defined benefit gratuity plan. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the Act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age. Gratuity liability is funded through group gratuity insurance scheme of Life Insurance Corporation of India.

The following tables summarise the components of net benefit expense recognised in the statement of profit and loss and the amounts recognised in the balance sheet:

	March 31, 2025		March 31, 2024	
	Funded	Unfunded	Funded	Unfunded
(a) Expense recognised in the statement of profit and loss for the year ended				
Current service cost	1.00	0.65	0.98	0.60
Interest cost on benefit obligation	0.39	0.22	0.31	0.16
Expected return on plan assets	(0.69)	-	(0.56)	-
Components of defined benefit costs recognized in statement of profit and loss	0.70	0.87	0.73	0.76
(b) Included in other comprehensive income ('OCI')				
Actuarial (gain) / loss for the year on defined benefit obligation				
Changes in demographic assumptions	-	-	0.01	-
Changes in financial assumptions	0.19	0.16	0.15	0.12
Experience adjustment	(0.66)	0.22	(0.17)	0.02
Actuarial (gain) / loss for the year on plan assets	-	-	(0.07)	-
Actuarial (gain) / loss recognized in OCI	(0.48)	0.38	(0.08)	0.14
(c) Change in present value of defined benefit obligation during the year				
1. Present value of defined benefit obligation at the beginning of the year	5.51	2.99	4.23	2.09
2. Interest cost	0.39	0.22	0.31	0.16
3. Current service cost	1.00	0.65	0.98	0.60
4. Benefits paid	(0.72)	-	-	-
5. Actuarial (gain) / loss				
Changes in demographic assumptions	-	-	0.01	-
Changes in financial assumptions	0.19	0.16	0.15	0.12
Experience adjustment	(0.67)	0.22	(0.17)	0.02
Present value of defined benefit obligation at the end of the year	5.70	4.24	5.51	2.99
(d) Change in the fair value of assets during the year				
1. Fair value of plan assets at the beginning of the year	9.68	-	7.52	-
2. Expected interest income	0.69	-	0.56	-
3. Contributions paid by the employer	0.72	-	1.53	-
4. Benefits paid	(0.72)	-	-	-
5. Actuarial gain / (loss)	-	-	0.07	-
6. Fair value of plan assets at the end of the year	10.37	-	9.68	-

Expected contribution in the next annual reporting year - Nil (March 31, 2024: Nil)

Net asset / (liability) recognised in the balance sheet

1. Present value of defined benefit obligation as at 31 March	5.70	4.24	5.51	2.99
2. Fair value of plan assets as at 31 March	10.37	-	9.68	-
3. Surplus / (Deficit)	4.67	(4.24)	4.17	(2.99)
classified in the financials as:				
Non current assets - Gratuity plan asset	4.67	-	4.17	-
Non current and current liability - Provision for gratuity	-	4.24	-	2.99
	4.67	4.24	4.17	2.99

Actuarial assumptions

The following were the principal actuarial assumptions at the reporting date (expressed as weighted averages).

	March 31, 2025	March 31, 2024
Discount rate	6.70%	7.15%
Future salary increases	Year 1 to 5: 10.00%	Year 1 to 5: 10.00%
	Thereafter: 7.00%	Thereafter: 7.00%
Withdrawal rates	8.00%	8.00%
Expected rate of return on assets	7.67%	7.67%

Elevate Campuses Limited (formerly known as Good Host Spaces Limited)
CIN : U74994MH2005PLC339336
Notes to the consolidated financial statements for the year ended March 31, 2025
(All amounts in INR Million, unless otherwise stated)

Note 36 - Employee benefits (Contd.)

(b) Defined benefit plans (Contd.)

Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amount shown below:

	Discount rate		Future salary increase		Withdrawal rate	
	31-Mar-25	31-Mar-24	31-Mar-25	31-Mar-24	31-Mar-25	31-Mar-24
Impact of 1% increase in rate	(0.70)	(0.61)	0.52	0.46	(0.09)	(0.06)
Impact of 1% decrease in rate	0.83	0.68	(0.49)	(0.45)	0.10	0.02

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be co-related. Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

Risk exposure

Through its defined benefit plans, the Group is exposed to a number of risks, the most significant of which are detailed below :

(A) Asset volatility: The plan liabilities are calculated using a discount rate set with reference to bond yields, these are subject to interest rate risk.

(B) Salary growth & demographic assumptions: The plan liabilities are calculated using the salary escalation and demographic assumptions which is sponsored by the Group and hence it underwrites all the risks pertaining to the plan. In particular, there is a risk for the Group that any adverse salary growth or demographic experience or inadequate returns on underlying plan assets can result in an increase in cost of providing these benefits to employees in future. Since the benefits are lumpsum in nature the plan is not subject to any longevity risks.

(C) Defined benefit obligation - average duration

The weighted average duration of the defined benefit obligation as at March 31, 2025 is 8.30 - 9.59 years (March 31, 2024: 8.76 - 9.55 years)

Expected future cashflows

	March 31, 2025	March 31, 2024
Within the next 12 months (next annual reporting period)	0.48	0.65
Between 2 and 5 years	1.93	3.86
Beyond 5 years	8.57	11.74
Total	10.98	16.25

The fair value of Group's plan assets by category are as follows

Asset category	March 31, 2025	March 31, 2024
Assets under insurance scheme	100%	100%

<i>Financial liabilities measured at FVTPL</i>				
Derivative liabilities #	11.17	11.17	8.47	8.47
	15,171.67	15,171.67	12,780.74	12,780.74

*Level 2 of Fair value hierarchy

#Level 3 of Fair value hierarchy

The Management considers that the carrying amount of the above financial assets, except finance lease receivables and liabilities approximates to their fair value.

Fair value hierarchy

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

During the year there were no transfer between level 1 & level 2 and no transfer into & out of level 3 fair value measurements.

Fair value measurements using significant unobservable inputs (Level 3)

The following table summarises the valuation techniques used and the quantitative information about the significant unobservable inputs used in Level 3 fair value measurements:

	Fair value as at March 31, 2025	Significant unobservable inputs	Sensitivity
Derivative liabilities	11.17 (INR 8.47 million as at March 31, 2024)	Price volatility	A 100 bps increase / decrease in the expected price volatility used, while all other variables held constant, would increase / decrease the fair value of derivative liability by INR 3.63 million (March 31, 2024: INR 2.85 million) and INR 2.98 million (March 31, 2024: INR 2.31 million) respectively
		Risk free return rate	A 100 bps increase / decrease in the risk free return rate used, while all other variables held constant, would increase / decrease the fair value of derivative liability by INR 5.69 million (March 31, 2024: INR 4.49 million) and INR 3.95 million (March 31, 2024: INR 3.08 million) respectively

A reconciliation of the fair value measurement of the derivative liability is provided below:

	March 31, 2025	March 31, 2024
Opening liability	8.47	6.22
Recognised on account of business combination (refer Note 40)	-	0.18
Change in fair value during the year	2.70	2.07
Closing liability	11.17	8.47

(All amounts in INR Million, unless otherwise stated)

Note 38 - Related party disclosure as per Ind AS 24 (Contd.)

Terms and conditions of transactions with related parties

Interest on loans / Inter-corporate borrowing

The Group has given loans / intercorporate deposit to related parties and KMPs. The said loans are interest free in the case of KMPs and carries repo based interest rate for other related parties, with repayment terms generally on demand.

Terms of investment in OCD's - For the terms refer Note 6.

Remuneration to KMP's

The amounts disclosed in the table above are the amounts recognised as an expense during the financial year related to KMPs which are duly approved by the Board of Directors. The amounts do not include expense, if any, recognised toward post-employment benefits and other long-term benefits of key managerial personnel. Such expenses are measured based on an actuarial valuation done for each entity as a whole. Hence, amounts attributable to KMPs are not separately determinable.

Reimbursement of expenses (Recovery) and related Trade Receivables

The Group makes certain payments on behalf of related parties. In such cases, recovery of expenses from the related parties are generally received within a period of 30-90 days from the invoice date. The amount receivable is unsecured, interest free and require settlement in cash.

Other general terms and conditions

The transactions from related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and non interest bearing and settlement will occur in cash. There have been no guarantees provided or received for any related party receivables or payables.

Note 39 - Segment Information

The Group is providing leasing services and facility management services for hostels. The Group is currently predominantly operating in a single geography i.e. India. Based on the "management approach" as defined in Ind AS 108 'Operating Segments', a representative of the Group - the Chief Operating Decision Marker ('CODM') evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by the overall business segment. As the allocation of resources and profitability of the business is evaluated by the CODM on an overall basis, a single segment has been identified and there are no other reportable segment as per Ind AS 108 'Operating Segments'. Accordingly no additional disclosure has been made for the segmental revenue, segmental results and the segmental assets and liabilities. Further,

- (i) the Group operates within India and does not have operations in economic environments with different risks and returns. Hence, it is considered operating in single geographical segment; and
- (ii) there are no major customers having revenue more than 10% of the reportable segment.

Elevate Campuses Limited (formerly known as Good Host Spaces Limited)
CIN : U74994MH2005PLC339336
Notes to the consolidated financial statements for the year ended March 31, 2025
(All amounts in INR Million, unless otherwise stated)

Note 40: Business combination

Acquisition of SH10 block

On August 1, 2023, the Group had acquired the hostel business of SH 10 block from renowned HEI-Haryana (the 'Seller' or the 'University') at Jagdishpur village (Sonipat, Haryana), along with the right to provide hostel facility services and related ancillary services to the students of the Seller.

The acquisition provided the Group leasing right as well as the right to provide facility management and related ancillary services (the 'Hostel undertaking') for a period of 50 years.

The said transaction was accounted as per Ind AS 103 'Business Combination' on provisional basis.

Details of purchase consideration, the net assets acquired and goodwill are as follows:

	Amount
Cash	2,077.05
Purchase consideration (at present value on acquisition date)	<u>2,077.05</u>

The fair value of the identifiable assets and liabilities as at date of the date of acquisition were:

	Amount
Assets acquired	
Buildings	2,316.70
Leasehold land	61.76
Intangible assets - Right to provide facility services	236.14
[A]	<u>2,614.60</u>
Liabilities assumed	
Deferred tax liability	(15.50)
Derivative liability*	(0.18)
[B]	<u>(15.68)</u>
Net identifiable assets acquired [A - B]	<u>2,598.88</u>

Further, no contingent liability has been transferred to the Group.

*as per the business acquisition agreement entered into by the Group with the Seller, the seller has the right to buy back the hostel undertaking from the Group at specified future dates and at pre-determined value. Accordingly, the Group has recognised derivative liability towards the buy back option with the seller at the acquisition date fair value.

Calculation of goodwill/ capital reserve

	Amount
Purchase consideration	2,077.05
Less: Net identifiable assets acquired	<u>(2,598.88)</u>
Goodwill / (Capital reserve)*	<u>(521.83)</u>

**bargain gain recognised in Other Comprehensive Income*

The Group has incurred transaction cost amounting to INR 13.36 million towards the said business combination during the year ended March 31, 2024 which has been disclosed as an exceptional item in the statement of profit and loss.

Note 41 - Asset acquisition

During the previous year, the Group had entered into an agreement with renowned HEI - Himachal Pradesh for acquisition of additional hostel beds in the University building for a cash consideration of INR 18 million.

The management has identified and recognized the individual identifiable assets acquired and liabilities assumed; and allocated the purchase consideration to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of acquisition.

The allocated value of the identifiable assets acquired and liabilities assumed as at the date of acquisition were:

	Amount
Assets	
Finance lease receivable	13.12
Intangible assets - Right to provide facility services	1.68
Intangible assets - In place lease	3.20
Total Assets (A)	<u>18.00</u>
Liabilities	
Borrowings (including current maturities of long term borrowings)	-
Other liabilities	-
Total Liabilities (B)	<u>-</u>
Net Assets (A-B)	<u>18.00</u>

Note 43 - Capital management

For the purpose of the Group's capital management, equity includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Group. The primary objective of the Group's capital management is to maximise the shareholder value. The Group's Capital Management objectives are to maintain equity including all reserves to protect economic viability and to finance any growth opportunities that may be available in future so as to maximize shareholders' value. The Group monitors capital using debt equity ratio. The Group's policy is to keep debt equity ratio below two and half and infuse capital if and when required through issue of new shares and / or better operational results and efficient working capital management.

The Group's debt equity ratio is as under:

	March 31, 2025	March 31, 2024
Debt (A)*	12,065.96	10,261.15
Equity (B)	7,027.09	6,557.70
Debt Ratio (A / B) [in times]	1.72	1.56

* excluding interest accrued on borrowings

Note 44: Maintenance and preservation of audit trail

The Group has used SAP HANA, an Enterprise Resource Planning ('ERP') accounting software, for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except that audit trail feature is not enabled at the database level, insofar as it relates to the said accounting software. Further, audit trail feature has not been tampered with in respect of the said software where the audit trail has been enabled. Additionally, the audit trail in respect of the financial year ended March 31, 2024 has not been preserved by the Group as per the statutory requirements for record retention.

Note 45 - Other statutory information

- The Group does not have any Benami property, where any proceeding has been initiated or pending against the Group for holding any Benami property.
- The Group does not have any transactions with companies struck off under section 248 of Companies Act, 2013 or section 560 of Companies Act, 1956.
- The Group does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.
- The Group has not traded or invested in Crypto currency or Virtual Currency during the financial year.
- The Group has not advanced or loaned or invested funds to any other persons or entities, including foreign entities (Intermediaries) with the understanding that the Intermediary shall
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group (Ultimate Beneficiaries) or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries
- The Group has not received any fund from any persons or entities, including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Group shall
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
 - provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
- The Group does not have any transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961, such as search or survey or any other relevant provisions of the Income Tax Act, 1961.
- The Group has not been declared wilful defaulter by any bank or financial institution or other lender.
- The Group is not required to file quarterly returns or statements of current assets with banks or financial institutions.

Elevate Campuses Limited (formerly known as Good Host Spaces Limited)
CIN : U74994MH2005PLC339336
Notes to the consolidated financial statements for the year ended March 31, 2025
(All amounts in INR Million, unless otherwise stated)

Note 46 - Subsequent events

(i) During the year ended March 31, 2025, the Group, through its subsidiary viz. Elevate Hostel Management Services Private Limited (formerly known as Good Host Spaces Management Services Private Limited) has entered into a Business Transfer Agreement with Zolostays Property Solutions Private Limited to acquire their business of managing on-campus hostels / accommodation units including access to its technology, on a going concern basis through slump sale, for a consideration of INR 1,001.42 million. Subsequently, the said acquisition has been consummated on April 11, 2025 and the purchase consideration has been paid in full through issuance of 100.14 million optionally convertible debentures of face value INR 1 each, at par aggregating to INR 100.14 million and the balance INR 901.28 million in cash.

(ii) Subsequent to the year ended March 31, 2025, the Holding Company has acquired 1% equity stake (432 equity shares) in Zolostays Property Solutions Private Limited.

(iii) In earlier year, the Group, through its wholly owned subsidiary viz. Good Host Spaces (West) Private Limited, had entered into a Business Transfer Agreement ('BTA') and other associated documents dated March 27, 2024 for the acquisition of a hostel business as a going concern, wherein the business will be transferred to the Group through a slump sale for a consideration of INR 2,536.00 million. The transaction includes the transfer of the associated hostel land and hostel buildings through a lease arrangement in conjunction with the BTA. Subsequently, on May 29, 2025, the Group has executed additional documents related to the BTA. However, the completion of the transaction and payment of consideration is pending as on the date of approval of the consolidated financial statements.

(iv) Good Host Spaces (Shoolini) Private Limited, a subsidiary of the Holding Company, currently manages and operates hostel business of a renowned HEI - Himachal Pradesh (the "University") since FY 2019-20, in accordance with the Hostel Services Agreement ('HSA') dated November 27, 2019 entered into between the parties. Subsequent to March 31, 2025, the subsidiary company has received an email communication from the University on September 17, 2025, alleging breach of certain clauses of the Framework Agreement dated November 20, 2019 by the subsidiary company in financial year 2022-23. The allegation may have an impact on certain rights of the subsidiary company under the HSA. The management believes that the claim of the University is without merits and shall not be tenable. Further, the management is in process to respond to the University's communication. Accordingly, no impact of the same has been considered in the consolidated financial statements for the year ended March 31, 2025.

The aforementioned transactions does not have any impact on the consolidated financial statements of the Group for the year ended March 31, 2025.

Note 47 - Pursuant to a special resolution passed in the extraordinary general meeting of the shareholders of the Holding Company held on July 29, 2025, the Holding Company has converted from Private Limited Company to Public Limited Company and consequently the name of the Holding Company has changed from Good Host Space Private Limited to Good Host Spaces Limited, pursuant to a fresh certificate of Incorporation by the Registrar of Companies on August 20, 2025. Thereafter, the name of the Company is changed to "Elevate Campuses Limited", pursuant to a re-branding exercise and a fresh certificate of Incorporation was issued by the Registrar of Companies, Central Processing Centre on September 8, 2025.

Note 48 - Pursuant to a resolution passed in the ordinary general meeting of the shareholders of the Holding Company held on July 29, 2025, the present authorized share capital of the Holding Company of INR 100.00 million divided into 100,000,000 equity shares of INR 1 each was increased to INR 200.00 million divided into 100,000,000 equity shares of INR 1 each and 100,000,000 compulsorily convertible preference shares of INR 1 each.

Note 49 - Social Security Code

The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. Certain sections of the code came into effect on May 3, 2023. However, the final rules / interpretation have not yet been issued. Based on a preliminary assessment, the Group believes the impact of the change will not be significant.
